The Facilities:

The Great Barn was built in the mid-19th century and can seat up to 170 people. The restoration is to the highest standard and includes heating and artistic lighting. The beautiful wooden floor is wonderful for dancing.

For larger weddings the barn can be extended with an attached **marquee**.

Licensed for Civil Weddings for up to 170 guests in the **Barn** or up to 120 in the **Animal Engine House** (120 standing, or 60 seated and 30 standing, or 75 seated).

Animal Engine House This charming hexagonal building, where the horses used to create the power for working machinery within the barn, is a great deal prettier than its name implies! Decked out with hanging baskets and flowers, it is a charming, unusual setting for some unique photographs.

Outdoor weddings It is also now possible to have an outdoor wedding in the **courtyard**. Chairs for outdoor ceremonies can be hired from Martin Sherry, the caterer, but are not provided by Lillibrooke Manor.

Courtyard This characterful venue is surrounded by the walled garden of a vineyard and a drinks reception may be held in the pretty courtyard with its central fountain, if the weather is fine.

Smoking is not permitted inside the barns but there are smoking areas outside.

No naked flames or candles in holders are permitted.

Music should finish at 11.30 pm, guests depart by midnight.
